

HISTORY-POLITICAL SOCIAL SCIENCES

Professor Bradford W. Deel, J.D., Program Director

The History-Political Science dual program produces graduates who lead our governmental and legal institutions. Students are prepared for a life of productive work in governmental agencies, in legal careers (after law school), and in higher education. They are prepared for a life of enlightened living through integration of the University's General Education Outcomes throughout the curriculum. They are prepared for a life of community involvement through an internship and a Senior Thesis tied to the internship.

Admission Requirements

Students must gain general admission to the University of Charleston. A visit to the campus to meet with Admissions personnel and program faculty is strongly encouraged.

Program Outcomes

The graduate will:

1. Evaluate political phenomena using political science concepts and theories.
2. Apply historical and global perspectives to political problems and policy issues;
3. Formulate research hypotheses using current social science research tools; and
4. Demonstrate a breadth of historical knowledge with depth in a limited area.

What You Will Study

This course of study is a unique and interdisciplinary degree. A dual major in History and Political Science will focus on the development of institutions and ideas, the role of significant historical and political actors, and the cultural values and structures that shape society. Graduates will be prepared to engage and explore the problems that impact our global society.

All History-Political Science dual program students must satisfy the 120-credit hour requirement for graduation. Students must also, when constructing their plan of study, meet the University of Charleston general curriculum requirements. These additional hours may be used to earn a second major, if the student so desires.

University requirements, the History-Political Science curriculum, and the minor in History are outlined in the tables below.

Additional Requirements

Completing a Double Major

History-Political Science dual program majors are encouraged to double major with other programs in the broader university community. Double majors must complete all requirements for BOTH majors, with the exception that a single senior thesis is required. Students choosing a double major and who choose to do a senior thesis or project outside of the History-Political Science dual program, must consult with program faculty on the nature of the outside project. The Program expects that a senior thesis completed as part of a double major with a Program degree will engage the discipline in a meaningful way.

Internships

Consistent with the mission of the University of Charleston to educate each student for a life of productive work, enlightened living, and community involvement, faculty recognize that only part of a student's education occurs in the classroom. All students majoring in Political Science, regardless of their concentration, are required to complete an internship related to their discipline. Most students will complete the 12-credit hour

E.A.G.L.E. Internship. In extraordinary circumstances, the Program Director may waive the 12-hour E.A.G.L.E. Internship requirement and permit a student to substitute an internship with a minimum of 3 credit hours. Internships are subject to the following guidelines:

- 40 hours of work in the internship = 1 hour of credit.
- Students must maintain a daily journal of their activities.
- Students must submit a 3 to 5-page reflection for each 3 hours of credit received for internships.
- Internships are also subject to general University of Charleston guidelines. Contact the Political Science Program Director for additional information regarding these guidelines
